

MATH 209 LEC EA1 (0900 – 0950) in CAB 265
MATH 209 LEC ED1 (1100 – 1150) IN CEB 325
FALL 2011

Instructor: W. Allegretto

Office: CAB 689 (Central Academic Building)

E-mail: wallegre@math.ualberta.ca

Office Hours: MWF 1000-1050 (or by appointment). You are very welcome to just drop by at other times, and if I'm not busy I will be happy to help you. If you are far away from CAB, I suggest you first call me at 492-4735. Keep in mind that I lecture twice in this course. If occasionally you can't make the lecture for your section, try to come to the other one.

Text:

1. Calculus, Early Transcendentals by Stewart (edition 6e).
2. Math 209 Lab Manual. The manual will be on sale (cash only) in CAB 680 from 0830-1630, Sept. 7 to Sept. 9 and on Sept. 12 **ONLY**.

Marks:

Final	50%
Midterm	30%
Labs	10%
Homework	10%

Please note: The final grade for the course will be posted by the Registrar at <http://www.ualberta.ca/WEBCT/science/index.html>

Calculators: In fairness to all the students, no calculators or other electronic aids are permitted during examinations.

Labs: Labs are run for all sections by our graduate students. The first labs will take place on or after September 14, 2011.

Exam Dates: (Set by Faculty of Engineering)

COMMON MIDTERM: 0900 – 10:30 Saturday, October 15

COMMON FINAL: 1400 - 1600 Thursday, December 22

Please Note: If you wish to be allowed to write a makeup exam after missing the final exam, you must satisfy the conditions given in the Calendar for a re-exam. Please consult the Calendar for the details. There is no deferred midterm exam. If the midterm is missed for a valid reason, the weight will be transferred to the final.

Students who miss the final exam and obtain a formal (in writing) University accepted excuse for their absence may write a DEFERRED EXAM on:

Saturday, January 14, 2012², Time: 0900 Room: CAB 357

Final Re-exam

Policy: In addition to the requirements set out in section 23.5.5 of the Academic Calendar, students wishing to be considered for a reexamination must have, excluding the final, completed at least one-half of the term work. Term performance will be considered in the decision to grant a reexamination.

Homework

Policy: Once we get going there will be weekly homework assignments. The details will be given in class.

Syllabus: Course covers topics from Chapters 14 to 16 of the text. Specific sections covered are 14.1 – 14.8, 15.1 – 15.8, 16.1 – 16.9

Final Remarks:

- 1) Important information will be posted on my U of A web site. To get there: U of A main site – Faculties and Departments – Science – Mathematical & Statistical Sciences – People – Faculty – Me.
- 2) You are encouraged to have a look at old 209 exams.
- 3) In this course there are common exams and grading amongst all the sections. Unless exceptional circumstances arise, grades will be awarded based on the long time statistics for the overall performance in Math 209. It is therefore possible for every student in a specific class to do very well!
- 4) Do not get behind. Do the homework, attend the labs. This is very important.
- 5) Try to learn the concepts, rather than just memorizing formulas.
The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the Code of Student Behaviour (online at www.ualberta.ca/secretariat/appeals.htm) and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.

There will be no formula sheet allowed at the exams.

Student Responsibilities:

ACADEMIC INTEGRITY: 'The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the *Code of Student Behaviour* (online at www.ualberta.ca/secretariat/appeals.htm) and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.'

All forms of dishonesty are unacceptable at the University. Any offense will be reported to the Senior Associate Dean of Science who will determine the disciplinary action to be taken. Cheating, plagiarism and misrepresentation of facts are serious offenses. Anyone who engages in these practices will receive at minimum a grade of zero for the exam or paper in question and no opportunity will be given to replace the grade or redistribute the weights. As well, in the Faculty of Science the sanction for **cheating** on any examination will include a **disciplinary failing grade** (no exceptions) and senior students should expect a period of suspension or expulsion from the University of Alberta

EXAMS: Your student photo I.D. is required at exams to verify your identity. Students will not be allowed to begin an examination after it has been in progress for 30 minutes. Students must remain in the exam room until at least 30 minutes has elapsed

CELL PHONES: Cell phones are to be turned off during lectures, labs and seminars. Cell phones are not to be brought to exams.

STUDENTS WITH DISABILITIES: Students who require accommodation in this course due to a disability are advised to discuss their needs with Specialized Support & Disability Services (2-800 Students' Union Building).

ACADEMIC SUPPORT CENTRE: Students who require additional help in developing strategies for better time management, study skills or examination skills should contact the Academic Support Centre (2-703 Students' Union Building).

Disclaimer: Any typographical errors in this Course Outline are subject to change and will be announced in class. The date of the final examination is set by the Registrar and takes precedence over the final examination date reported in this syllabus.

Note: Recording is permitted only with the prior written consent of the professor or if recording is part of an approved accommodation plan.
