Vancouver Trip News

The MSS has been able to receive \$100 funding from the Physics department towards the Vancouver Trip. This donation means that only \$750 is left to be raised by the MSS for the trip. MSS President Rob Davis reports that fundraising efforts are going well.

Those members wanting to participate in the trip must act quickly. At last check, only six places were left on the tour. If you wish to reserve a spot, contact Treasurer Graham Denham at CAB 549 and register with a \$25 deposit.

Daryle Tilroe has finalized the next session of the "Not Just Another Lecture" lecture series. Dr. Khanna will lecture on "Quarks, Gluons and All That Stuff" which should be of particular interest to physic

New Appliances

The Peter Karbaliotis Memorial coffee maker was unveiled at the Mathematics Common Room on November 5, 1990. A small dedication ceremony was held to commemorate the new appliance, after which Rob Davis made the first pot of coffee. The appliance is equipped with the popular dripstop feature. The MSS is currently selling coffee for \$0.25 a cup, bring a mug.

Members should also be aware of the new microwave. Its features include Carousell II turntable, popcorn setting, 10 power levels, and 2-stage cooking. This compact microwave is available for member use in the CAB 549 lounge.

Physics Lecture: Quarks, Gluons...

students. Dr. Khanna is a Professor of Physics and Director of the Theoretical Physics Institute. The session will be held on November 21, 1990 at 4 pm. Watch for posters announcing location.

**What's
Upcoming!**

Nov 14: MSS General Meeting CAB 335 4 pm

Nov 16: Undergrad Sciences Society (USS)

TGIF Bio Sci CW 40 4:30 pm

Nov 21: Dr. Khanna Physics Lecture 4 pm

Dec 5: MSS Christmas Social CAB 657 4pm
