Date: Tuesday, 8 September, 2015

To: Math 201 and Math 209 Instructors

From: Math and Applied Sciences Centre (MASC)

Re: Review of Techniques of Integration for Math 201/209

The Math and Applied Sciences Centre is offering a preparation workshop for Math 201 & 209 consisting of a 2.5 hours review of integration techniques commonly encountered in these courses. Included is a review of basic substitution and trigonometric substitutions, integration by parts, integration of trigonometric functions, and partial fractions. Would you help us reach interested students by announcing the following:

Review of Integration Techniques for Math 201 and Math 209

Date/Time: Sunday, 13 September, 12:30pm-3:00pm

Length: 2.5 hours

Fee: \$25 (incl. GST) payable by cash or cheque payable to the U of A

Registration: By email at masc@ualberta.ca or in CAB 289 Tuesdays-Thursdays, 9:00-12:00 noon.

Thank you,

Carmen Ropchan and Markus Molenda,
Math and Applied Sciences Centre (MASC)

PS.: For further information about other help sessions for Math 201 & 209 including the Weekly Seminars in Math 201 & 209 and the midterm and final exam reviews see the MASC webpage at www.ualberta.ca/~masc or contact us at (780)-492-6272 / masc@ualberta.ca .
