Math Help Sessions

Students experiencing difficulties in any of the mathematics courses listed above can obtain help from senior students in **ED 751 from 0900-1500 (Monday – Friday)** starting Monday January 11 until Friday April 9, 2010. During peak periods, helpers will be able to devote at most a few minutes to any one student. In order to get maximum help during each visit, students are asked to be specific about the problem with which they are seeking help.
